V7201

- ▶ 69mm super thin cover
- ▶ U-shape stylish contour
- ▶ Anti-backflow design
- ▶ Anti-fouling arc-shape spray rod
- ▶ C/W independently developed concealed cistern

5 advantages of concealed cistern

- ▶ Free to move
- ▶ Easy maintenance
- ▶ Enlarge storage space
- ▶ Tidy room
- ▶ No scruffy area

EPS outer protective layer

EPS outer protective layer protects the container and reduces noise.

400kgs load bearing

The reinforced support can support 400 kg.

Integrated tank

Tank and connection pipe are formed as one body with good sealing performance.

The concealed flushing system on the same level provides a unique solution for the bathroom space.

Easy maintenance

The flushing panel of the water tank is an access port, and the accessories in the water tank can be quickly and easily removed for replacement.

Better flushing performance

The water level of the concealed cistern is higher than that of the traditional floor type toilet, and the flushing effect is better.

Quick mounting bracket

The water tank bracket installation device realizes fast installation on the basis of ensuring reliability and stability.

Adjustable frame bearer

Adjustable support leg for easy adjustment, flexibility and convenience.

No scruffy area

The toilet connects with the wall seamlessly completely eliminates scruffy area.

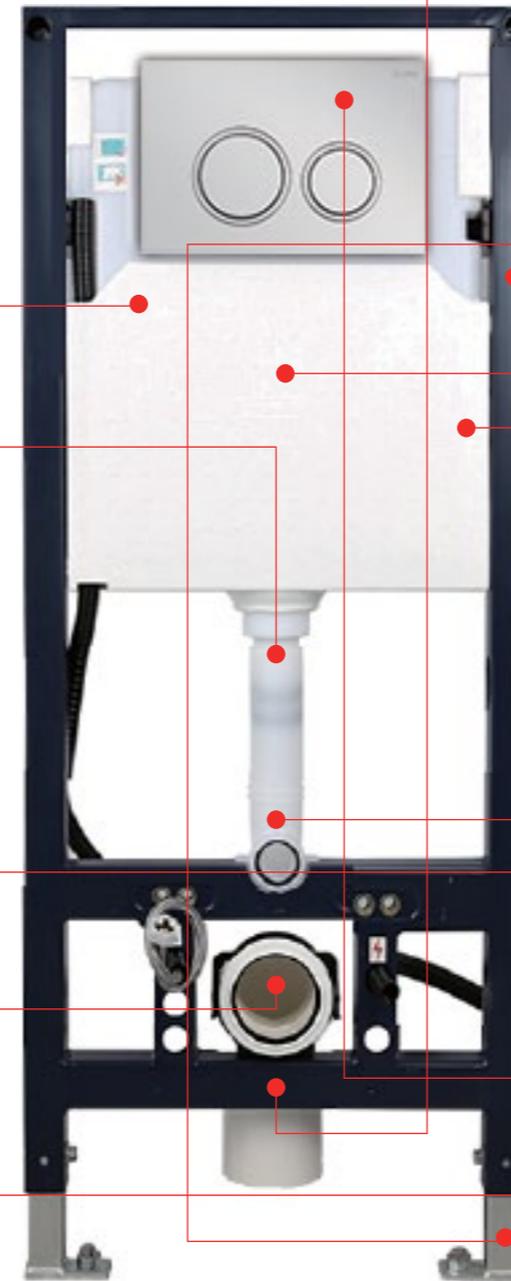

Carefully crafted products, based on 50 years of quality.

Sealed connection pipe

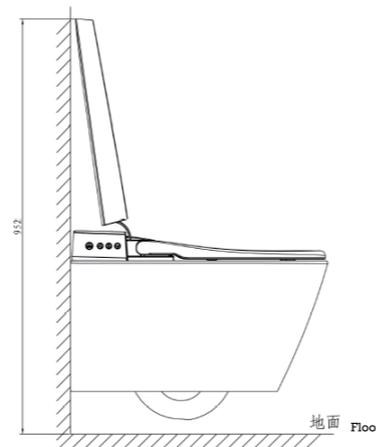

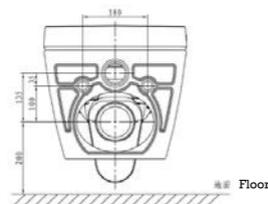

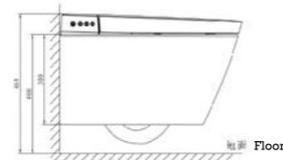

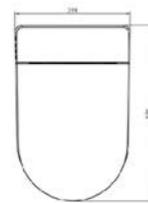

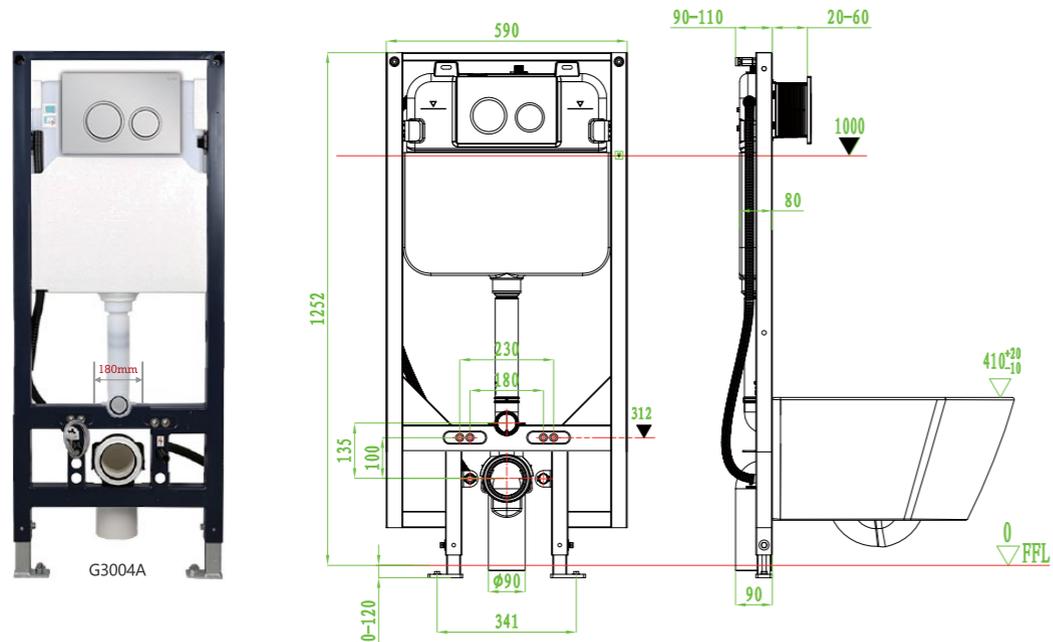

Sealed HDPE connecting pipes to avoid leakage.

Easy-to-install panel

Panel can be installed and disassembled without tools, which is simpler and more convenient.

Novus Data& Specification

NOVUS Data Sheet

Model :	V7201
Dimension :	606*398*69mm
Rated power :	1080W-1130W
Voltage :	220V- 240V, 50/60Hz
Finish :	White
