

# Maria Mirror 900x800mm

Adp

## FEATURES

- Polished edge mirror mounted on black or white board.
- Overhead light included, Chrome or Black.
- Can be installed vertically or horizontally.
- Can be mounted with shaving cabinets in a number of configurations.
- Mirror is copper free.

## BOARD COLOUR OPTIONS

White

Black

## OVERHEAD LIGHT COLOUR OPTIONS

Chrome

Black

## CARE & MAINTENANCE

Use a slightly moistened microfibre cloth to remove dry dirt or grime, then buff clean with dry microfibre cloth or use a soft dry cloth with a tight weave (which is more soft and non-abrasive). This will leave you with a clean, smear-free finish. By using alkaline (ammonia) or acid (vinegar) based products you not only risk damaging the silvered backing of the mirror, but also tend to leave behind streaks and smears.

Do Not use ammonia-based cleaning products such as glass cleaner. These may erode the mirror's silver backing. Be sure to read the label of any such cleaning products before use.

Alkaline, acid and moisture elements can cause the silvered backing of a mirror to darken, this is usually referred to as 'black-spotting'. An easy way to protect your mirror against black-spotting is to regularly oil any exposed edges (i.e. polished or bevelled edges), using non-petroleum based oils (eg. sewing machine oil). This will act as a seal to protect against such elements. Always remember to keep your mirror dry and wipe off any water, moisture or steam.
