

STANDARD FLEXIBLE BATH CONNECTOR

Bath Accessories

STANDARD FLEXIBLE BATH CONNECTOR

Decinas flexible waste connector gives you an ideal solution to your plumbing requirements. Ideal for accommodating varying angles and gradients where space below spas and baths is limited.

Supplied with a flexible tube with a smooth internal bore, Flexidingers are designed to facilitate movement of the spa/bath when subjected to large volumes of hot water.

The flexible 300mm tube can be cut down to the desired size and glued.

PRODUCT CODE
